Invitation for Researchers to apply for a Study Visit to the Turku University of Applied Sciences

The Ministry of Education, Science Technology and Innovation of Kosovo under the framework of the WIDERA EU-funded project is inviting Researchers to apply for the study visit at Turku University of Applied Sciences | Faculty of Engineering and Business and Health and Wellbeing, Finland.

The NCP_WIDERA.NET is an EU-funded project of the network of National Contact Points for Widening Participation and Strengthening of the European Research Area – WIDERA of Horizon Europe (project no. 101055286). It provides three-day Study Visits to leading research-based organizations from Spain, Germany, Italy, and Finland addressed to promising researchers and research managers and administrators (RMAs) from Widening countries.

The Rationale of Study Visits

The main aim of Study Visits is to provide promising researchers who have diverse professional experience (less and more experienced) from Widening countries the opportunity to access excellent practices and networks, by visiting leading research-based organizations with a view of taking valuable lessons learned “home” to their host institutions.

More information about the Turku University of Applied Sciences, Faculty of Engineering and Business and Health and Wellbeing, including benefits, criteria, requirements for TURKU study visits, and the selection process, can be found at: <https://www.ncpwideranet.eu/study-visit-turku/>
